

Let's bring out the *fun* in SCIENCE.

For too long, science has been looked upon as complicated, intimidating, and boring. The primary goal of this event is to display the fun, entertaining, and interactive side of numerous fields in science as we feel that too many students, both K-12 and college, are straying away from the sciences for lackluster reasons.

So, bring your friends, family, classmates, or even entire classes and join us for a day of *just* science on **Saturday, March 29th starting at 12:00 PM (noon).**

Location: Life Sciences Building on Rutgers University's Busch Campus.
(145 Bevier Road, Piscataway, NJ 08854)

Parking available in lots 54 and 54A for cars **without** a Rutgers permit.

FEATURING

- (1) Science demonstrations by over a dozen Rutgers science-based organizations
- (2) Professional chemistry demonstration shows featuring Bob Porcja
- (3) Professional physics demonstration show featuring David Maiullo
- (4) Keynote lecture by Dr. Robert Zubrin (President, The Mars Society)
- (5) Public observing session with the Rutgers Astronomical Society
- (6) Plus, enjoy free food, giveaways, and PRIZES! Admission is FREE!

See our itinerary for a complete schedule of the day's events.
